

Terms around the „Trilateral Partnership in support of the UNESCO Wadden Sea World Heritage“ (Version 06.04.2020)

- **Community**

The „Trilateral Partnership in support of the UNESCO Wadden Sea World Heritage“ is a strategic, multi-stakeholder, transboundary partnership, incorporating governmental and non-governmental sectors committed to the protection of the Wadden Sea and sustainable regional development. The partners concluded a memorandum of understanding to set goals and ambitions.

- **Location**

The „Trilateral Wadden Sea World Heritage Partnership Centre“ is a building, currently under construction, which will serve Partnership Hub, Common Wadden Sea Secretariat and International Foundation as homebase and the trilateral partnership as a location for meetings, workshops and conferences. The building in Wilhelmshaven shall be finalised by the end of 2021.

- **Working staff**

The trilateral „Partnership Hub“ supports management and organisation of the partnership as a networking unit. During the start-up-phase, the staff of the Partnership Hub is directly associated to the Common Wadden Sea Secretariat. The partners agreed on a first concept for setting up the hub.

- **International perception and resources**

The „International Wadden Sea World Heritage Foundation“ is intended to support transboundary initiatives and projects to safeguard the outstanding universal value, raise international profile and recognition. The foundation shall also become a future funding source for Trilateral Partnership and Partnership Hub.
